As much as Shelly likes Jake she doesn't know what she's in for when she lays down on the table and begs him to fuck her right there in her kitchen. Shocked when Jake says that he has to go home but that he will be back she is disappointed in him as she relaxes on the kitchen table thinking about putting her top back on she is happy that Jake comes back to her but not happy that he brought a friend with him. What she thinks is going to be a day just between the two of them turns into much more when Jake and his roommate Ralph carry her upstairs and ties her down to the bed. Finally having their way with her with her legs spread so her pussy is teasing them and her big tits bouncing around as she thrashes on the bed trying to break loose. Before the end she finds out whose the boss is.

Shelly was long legged and tall. She had long red hair. Living alone in her two bedroom house she found it got awfully boring at the house. She didn't have many friends and she wasn't the type who wanted to hang out and have a few drinks. More of a loner. Her hazel eyes were looking around the kitchen to look for something to eat. Just waking up she had put on her two piece bathing suit that was blue. She had big tits as she looked down at them she noticed that they looked like they might fall out at any minute. Hoping that the mail man might come by with a special package for her. She thought he was kind of cute and wouldn't mind standing in front of him and one of her tits accidentally falling out of her bathing suit. She laughed when she thought about this, shaking her head she knew that her shaved pussy was getting wet inside the bottoms of her swimsuit. It had been a long time since she had sex. The only sex she had was watching porn movies and fingering her pussy. Sometimes she would use her dildo and please her pussy but it wasn't very often that she did. It wasn't the same as having a man's cock inside of her.

"You are pathetic." Shelly mumbled to herself as she reached for a bottle of beer in the fridge since she couldn't find anything else. She knew that she had to go food shopping but she didn't feel like it. It wasn't like she ate a lot anyways and she was more then willing to skip a meal if she had to.

Sitting down at the kitchen table she opened the beer and

took a sip from it. She didn't care that it was only eight in the morning that was the thing of living alone and not having any children. She could do what she wanted at age twenty-five she didn't live with her parents anymore. She had gotten a modeling job at home where she worked three days a week and came up with her money for bills. Her parents really didn't like what she did but it wasn't them that she had to worry about supporting it was herself.

Hearing the ringing of the doorbell on the other side of the house she sighed, taking the beer with her she wondered what kind of sales man at the house and what they were selling. Most of the time that was who it was when the door bell rang that early.

"Coming!" She hollered out when she heard the doorbell ringing again. Going through the living room and down a long hallway she finally came to the front door. Wondering why she had picked the house where the kitchen was all the way over on the side of the house. Then she remembered about the big swimming pool in the back yard that she had fallen in love with. She loved sitting out in her lawn chair soaking up the sun and then when she was hot enough to take a dip in the pool there had been long nights in the pool where she would swim back and forth or just soak in it and she loved the hot tub that was in a room all by itself upstairs.

Without asking who was at the door she sighed heavily again and unlocked it. Pulling the door open without smiling.

"Hi, I uh....I live next door and was wondering if you had any sugar that I could borrow." A man almost as tall as her was standing there blushing. He had blue eyes and brown hair. Not wearing a shirt just wearing a pair of jeans with old sneakers on. She figured he had just thrown them on to come over to the house hoping that he wouldn't have to go to the store first thing in the morning.

"Sure. I thought you were a salesman." She laughed at him, taking another sip from her beer. Not really knowing anyone she thought that the man standing on her stoop was rather handsome. She saw that he had a good tan and that he was well built. She didn't see any fat on him at all. He was all muscle as he stood there still smiling and showing off his bleached white teeth that she was sure he had just bleached that morning.

"My name is Jake." He told her softly as she let him into the house without even asking his name. She didn't care what his name was if she had wanted to know she would have asked him.

"My name is Shelly." She felt the need to say something to him as she turned her back on him and headed down the long hall and finally made her way back to the kitchen.

Jake had watched her ass sway from side to side. Checking out her body and loving what his eyes were seeing.

"How long have you lived here? I don't think I have seen you but a few times." Jake tried striking up a conversation with her.

"I've lived here a few months. I really don't know anyone in the neighborhood. I try to keep to myself mainly." She shrugged her shoulders reaching up over the stove to open the cupboard that the sugar was in.

Finding the bag of sugar right in front of her when she opened the cupboard door she took it down and put it on the blue counter beside her. Her feet felt cool against the white tiled floor. She was glad that she always washed her floors at night time. It was something she had done since she was little. Always bleaching the floors at night because she didn't have anything better to do. It wasn't like someone was banging down her door to spend time with her.

"Nice kitchen." Jake looked around the room. He saw the long wooden table in the middle of the room and the sliding doors over on the other side of the kitchen that went outside to the pool. He had a pool out back of his house too. Though he didn't like swimming in it by himself he had to push himself to exercise and swim laps to keep himself in good shape. His roommate wasn't one to spend time with him. He thought it was more like since they couldn't find their own place on their own that they were only there for one another to help pay the bills and the rent so they wouldn't have to move back in with their families.

"Thanks. Well there you go." Shelly looked at him and then back at the sugar. Not really wanting to have company so early in the morning.

"So...are you seeing anyone?" Jake asked her softly, looking down at his feet. He thought he might as well ask her since he was there.

"No. I haven't dated in a long time. How about you?" Shelly thought she saw him blush. Seeing how good looking he was she couldn't see why he would have a hard time getting any girl to date him. But he shook his head slowly just the same.

"Really?" She asked him, shocked because he was so good looking. She figured he probably didn't know how to talk to girls. That's what happened with the hot guys. They were too dumb to see that a girl was interested in them and then when they were attracted to someone they were too shy to ask them out.

"Yeah. I don't know what it is but I'm not really lucky with the girls." Jake rubbed the back of his neck and chuckled a little.

"If you aren't doing anything later I wouldn't mind if you came back over and had a few drinks with me. We could sit out in the back yard and have some drinks, talking you know.....whatever." Shelly told him lightly. Surprised that she was inviting a man over

that she didn't' even know. She silently scolded herself for inviting him over wondering if she looked hungry for company.

"That would be great!" Jake's blue eyes grew wide at the opportunity to spend more time with her.

"Good. So take your sugar and when you are done using it make sure you bring it back over. I don't like neighbors who keep things that I let them borrow." She joked and heard him laugh as he grabbed the bag of sugar off the counter and she showed him to the front door.

"Great, see you later." She waved to him, reminding him without sounding desperate to come back over and see her.

When she closed the door behind her she locked it and shook her head as she pressed her back against the cool door.

"You really are a piece of work Shelly. He must think that you're in idiot. If he doesn't come back over then you know that you sound desperate and if he does come back over its probably because he feels bad for you." She mumbled to herself as she drank down half the bottle of beer. Not really up for just sipping it now.

Making her way back into the kitchen she looked in the fridge and saw that she only had a few beers left. Thinking about the vodka that she had in her cupboard under the sink she thought about making it with some orange juice she had in the fridge.

She busied herself making the orange juice. Thinking she would save the beer for Jake if he decided to come back over. She couldn't invite him over without offering him a beer while they talked and got to know one another.

Shelly set the orange juice in the fridge waiting for Jake to come back over she made sure that the upstairs was clean enough to let people up there in case he wanted a tour of the house. Which he didn't look like the type to want to go through someone's house. He acted more like someone who just wanted company himself.

Finally heading back downstairs she was already sweating. Not having an air conditioner she guessed it had to be at least ninety degrees inside the house. She had thought about cooking something from dinner with what she had but she didn't want to start the stove up and make the house even hotter then what it was.

Making as much money as she did she thought to put it on top of her list to get a few air conditioners for the house. She needed something to cool her off other then going out to the pool that only cooled her off for a little while.

Making a screwdriver with the orange juice she had made earlier she mixed the two together and headed out for the back yard. Leaving the sliding door open she headed down the few steps off the porch and down a small hill of grass that tickled her feet. She saw her white lawn chair and smiled, the sun was out and the skies were blue no hint of rain cloud in sight. She sat down in her chair and pushed a lever to make it go all the way down so that she could tan while she waited. Not sure if she would hear the doorbell from outback or not.

She took a sip of her drink and put it down beside her as she let the sun kiss her body. Looking down at herself she didn't think she looked that bad. She had a flat stomach that most women would have to have. She had beautiful long legs and she did a good job shaving her pussy she thought as she stretched the bottom of her bathing suit so she could take a look at her pussy. She giggled a little, not knowing any other woman who would sit there and admire her own pussy while they were alone. Usually she saved it for men. Not her. She wasn't sure she would know what to do if a man was naked in front of her it had been that long.

"Get a grip." Shelly whispered to herself, taking her glass and drinking down half her drink. She thought it was too strong but by the time she finished it she was feeling better about herself and relaxed hearing the bees buzzing and the birds chirping in the trees.

Closing her eyes and smiling wider as she thought about Jake. Wondering if he was going to stand her up or actually come over. The more she thought about him and how he looked when he showed up at her door she began moving her hand down to her flat stomach and rubbing it with the flatness of her hand. Moaning softly to each other she moved her hand down to the waist band of her bikini bottom and slowly dipped her fingers inside of it. She whimpered as she felt the tips of her fingers start playing with her clit. Spreading her pussy lips she was just about to touch her pussy and slide a finger into it knowing she was really wet inside and wanting to please herself she heard someone clearing their throat.

Quickly slipping her hand out of her bikini bottom and opening her eyes she saw Jake standing above her with his hands on his hips and a smile on his face. She didn't have to ask how much he had seen. She saw it on his face that he had seen everything she had done to herself. She was sure that he didn't make a noise until she was getting ready to finger herself.

"Well isn't this embarrassing." She laughed lightly. Not sure what else to say to him as she felt her face getting warm.

"Don't worry about it. There's nothing to say. I do like to pleasure myself from time to time. Its a normal thing. I rang your doorbell a few times and then came around back. Sorry." Jake explained to her quickly.

She got up from the chair slowly and saw that he had changed out of the clothing he was wearing earlier. She saw he had on a pair of green swimming trunks and white flip-flops on. She looked over at the porch and saw that her bag of sugar was right there on the top step.

"Would you like a drink?" She asked him softly, putting her hand on his shoulder as she almost lost her balance when she took a step forward.

"Are you sure you're up for company? I mean I could come back later." Jake told her, looking into his eyes she could tell that he was amused by the situation.

"No, you can stay. Come on in the house, I will make us a drink. Well you can have beer if you want but I'm drinking screwdrivers." She smiled at him and made her way up the steps. She wasn't drunk but she was feeling okay off of one drink. Trying to push the thought of Jake seeing her play with her pussy.

"I will have whatever you're having." Jake didn't want to make it difficult for her. He had plenty of beer at the house if he had to bring some over later.

Jake felt his cock getting hard when he had seen her with her hand inside her bikini and pleasing herself. He was getting harder now that he saw her nipples were standing hard against her the top of her bikini. Wanting to rub them with his thumbs and suck them into his mouth. Shaking his head he couldn't believe the things that were going through his head.

"Great, I like it when a man doesn't make it hard on me." She laughed at him as she took out another glass cup and filled it with her screwdriver mix from the pitcher in the fridge.

"I am the most easy going man you will ever meet." Jake laughed with her as she turned around and handed him his drink.

Looking at the clock as she sat on the edge of the counter it wasn't even noon time as she took another sip of her fresh drink.

"If you don't mind me saying I think you are very beautiful." Jake complimented her, taking a sip of his own drink and putting it down on the counter beside her.

"Thank you but I am sure you are just saying that because you saw me playing with my pussy just a few minutes ago. Come on, lets face it any man would say something like that." Shelly pointed out to him.

"No, that's not it all. Though you looked really sexy playing with yourself when I came into the yard and wished that I hadn't made a noise to stop you if we are being honest. I was checking you out when I asked you for some sugar." Jake cleared his throat, not sure what she was going to say now that he had admitted to looking her over earlier that morning.

"Good. That's a good answer. Now I don't see you as a baker so what did you really need the sugar for?" She laughed at him,

getting down from the counter and making her way to the kitchen table with her drink.

"I have to confess that I didn't really need the sugar.....I uh....I saw you out checking your mail yesterday and since we have never talked I thought that I would be the friendly neighbor and try to find out what kind of woman you were. You know, get to know you a little bit." Jake sat down in the chair that was beside her.

"I am the type of woman who likes being by herself most of the time but in a way I guess its a curse too. I don't have many men come in and out of my house. I don't have a boyfriend and I don't have any friends. Not really. The friends I do have are out of state." She shrugged her shoulders at him.

Shelly noticed that he wasn't looking at her face when she talked to him. She saw that he was looking at her tits that were sitting on the table. Her cleavage teasing him as she talked to him.

"I have a roommate. Not really much to talk about I guess. We hang out sometimes but its very rare. Girls......I don't really know how to talk to them. The reason for my sex life I suppose." He laughed about it as his eyes slowly reached hers. Blushing a little because he knew that he had been caught checking out her tits.

"I figured for as hot as you were that you would have women flocking around you." Shelly admitted to him.

Jake laughed lightly but saw that she was being serious because she didn't even have a smile on her face when she talked to him.

"Oh no. I've never had that happen." He shook his head, looking down at his cock and praying that it would grow soft. He didn't want her catching his hard on the first time meeting her. He didn't want to scare her away.

"Its fucking hot in here." She mumbled, getting up from her chair she didn't even care that Jake was sitting there with her. She pulled her bikini top off and over her head. Letting it fall to the chair. Her tits bouncing out happy to be free.

"Wow." Jake couldn't help but stare and comment on them.

"Like what you see?" She grinned at him walking over to him. She was sure it was the drinks she had made. Never going after a man when she was completely sober.

"I am a guy. I love what I see." Jake laughed at her. Getting up from his chair he didn't know what she was planning on doing to him but he didn't' want to take advantage of her.

"Of course you do." She cooed at him and brought herself up on the table in front of him. Her tits would have been in his face if he hadn't gotten up from his chair.

"I don't know if this is the best time for me to come over.

Maybe I should go." Jake told her softly. Knowing that if he didn't leave now then he wouldn't leave at all.

"Come on, don't you want to be playful with me?" Shelly pouted at him as she cupped her tits in her hands and squeezed them. Moaning softly.

"I uh...." Jake didn't know what to say. At a loss for words he never had a woman come onto him like she was now.

"I will make a deal with you Jake." Shelly could see that he was trying to hold himself back from touching her.

"What's that?" He croaked out as she widened her fingers enough for her hard nipples to peek out at him and play peek a boo with him. He groaned softly when he saw them.

"If your cock isn't hard then I will let you go home. If it is hard you have to fuck my pussy." Shelly smiled at him. Her pussy getting wet inside her bikini bottoms. He looked down as she spread her legs for him and saw that there was a small wet patch forming at her pussy. She was getting horny for him.

Shelly reached down and touched his cock through his shorts and squeezed him hard. Feeling that his cock was nice and solid for her. Ready to fuck her pussy on demand.

"Uh oh.....it looks like you have to stay." She teased him softly as she laid down on the table and spread her legs wider for him.

"You are so fucking hot." Jake moaned to her, keeping his eyes on her bikini bottoms.

Shelly brought her head up slightly from the table. Waiting for him to touch her pussy, wanting him to take off her bikini bottom and fuck her pussy.

"Well......come on please my pussy." She whined at him. Already frustrated with him since she had to tell him to do everything.

"I know this might sound weird but I will in just a few minutes okay. I need to go back to the house for something. I promise I will be right back just stay where you are please." Jake begged her softly.

"Um....okay." She brought herself up on her elbows and couldn't believe that he was leaving her there half naked.

"Just a quick minute I will be back." Jake nodded his head at her and went out the sliding door instead of all the way up the hallway to leave the house.

Shelly shook her head when he disappeared. Thinking she should just get dressed because she wasn't sure that he would be back over. Thinking she had come on to strong for him after about fifteen minutes she rested her head back on the table and closed her eyes. Not wanting to wait around all day for him she could have already pleased her pussy and gone about her day.

When Jake came back over he wasn't alone. Bringing his roommate Ralph who was in his thirties he had black hair and brown eyes they quietly walked into the house through the sliding door that was left open. Both of them were in swimming trunks. Jake saw that her eyes were still closed and he put a finger to his mouth so that Ralph wouldn't say anything to break the silence.

Jake slid out of his shorts and stepped out of them leaving them on the kitchen floor. Ralph had done the same thing to his red swimming trunks as they made their way to Shelly's half naked body that was laying on the table still.

Ralph went around the table to her head and watched as Jake went between her legs slowly. Jake brought a finger to her pussy that was still covered by the bikini bottom.

"You came back." Shelly's eyes popped open but when she saw that there was another man there she tried getting up. The wildness in her eyes when she felt Jake take her bottoms off and let them fall off her ankles.

"I didn't know this is the reason why you left me hanging. I'm not one for threesomes Jake. That's something that I'm really not interested in." Shelly told him without smiling at him. Letting him know that she was being completely serious with him.

"Two cocks inside of you? You don't want something like that Shelly? Every woman likes having two cocks just lay back and relax honey." Jake grunted to her. No longer using the shy voice that he had used earlier in the day. He seemed more self confident now that he had another man with him.

Jake brought his mouth to her shaved pussy and pushed his tongue inside of her pussy. Rubbing his nose between her pussy lips so so that he could rub it against her clit.

"Jake." Shelly whined at him as she put her head back on the table. Her pussy was enjoying the licking it was getting from Jake's tongue. She felt her clit begin to swell from the attention it was receiving.

Shelly looked into Ralph's eyes. She couldn't believe that Jake would bring another man over without asking her first. She thought it was rude and inconsiderate of him.

"My name's Ralph." The man whispered to her as he watched Shelly cover her tits with her hands. Pressing them hard against her tits. She saw the look in his eyes that he was hungry for them.

"Shelly." She mumbled, though she was sure he already knew her name if Jake had taken a long time to explain what he was going to do to her. That was what had been taking so long for him to get back over to her house. She was sure he had explained to Ralph what a hot treat lay waiting for them literally.

Jake rubbed his nose harder against her clit and licked faster at her pussy. He put his hands on her ankles and spread her legs further apart so that he could get his tongue into her pussy easily.

"Fuck Jake. That feels so fucking good baby! Keep licking this hot pussy of mine!" Shelly whimpered to him. It had been too long since she had a man want to lick her pussy. It had been so long that she thought that she wouldn't have a man lick her pussy ever again.

"Are you going to let me lick those hot tits of yours or are you going to keep them covered up all day?" Ralph asked her, letting her know that he was still there.

Shelly glared at him. She didn't invite him into her house so she knew that she didn't owe him anything. Not one thing when he had come over and looked at her body the way he was now. She didn't answer him.

Jake was well aware that she wasn't being very playful with Ralph like she had been with him when she started taking clothes off for him.

"Just do it Ralph. She will like it." Jake muttered, taking his mouth away from her pussy to tell him what to do as he made eye contact with Ralph and shook his head.

Jake went back to her pussy that was teasing him. He loved how her pussy smelled and loved how smoothly shaved it was just for him. He loved pussy and when she started coming onto him he was surprised about it. So shocked in fact that he knew he couldn't have her sexy body all to himself. He had to share it with someone and who better to share it with then with the man that lived with him.

Ralph placed his hands over Shelly's wrist while she fought him and whined at him. Begging him to stop. Ralph had won and saw her big tits moving around just for him. Her nipples were hard and long.

"God you look so fucking hot like this baby. I love how your nipples are so hard baby." Ralph whispered to her as he held her hands tightly at the wrist so that she could slap at him or get away while he lowered his mouth and began sucking only on her hard nipples. They were so long that he could just suck on them and be satisfied.

"Please......" Shelly whimpered to him softly and looking him in the eyes. Ralph could see that she was enjoying her hard nipples being played with just by looking into her eyes. He could see the hot lust that were burning in her hazel eyes.

Ralph sucked her tit all the way into his mouth. Tired of just playing with her hard nipple. His cock getting extremely hard for her as she whimpered and moaned. Murmuring his name while her body was being pleased by the both of them.

"Suck momma's tits. Suck them!" She hollered out, not being able to control herself. She loved having her tits played with as much as her pussy.

"That's a girl baby. Get into it you hot fucking bitch." Jake took his mouth away from her pussy again letting her know that he was loving everything she was letting them to do to her.

"Fuck Jake! I only invited you over, I don't do things like this." She begged him softly to just have him there with her.

"Oh I guess that's something you should have told me while you were taking off your top for me. You are such a naughty little slut. I had to make sure you got what you wanted." Jake grinned at her as he pushed two of his fingers into her pussy as far as they would go and began wiggling them inside of her. Bringing his tongue to her clit and massaging it slowly.

"Jake....." She whined at him.

"Yes baby?" Jake answered her quickly. Letting her know that at that very moment she was the only one that they wanted to please.

"Make him go away. I will let you do anything you want to me. Just make this guy go away." She murmured to him, feeling Ralph's teeth teasing her tit that was in his mouth.

"I think we should take this somewhere more comfortable what do you say baby? I bet laying on that hard table isn't very comfortable for you." Jake told her softly. Thinking about her feelings only when it came to her laying on the table. Not to mention he was thinking about them as well because he wasn't sure just how much he could do on the table.

"Jake please!" She cried out to him as Ralph took his mouth away from her tit and Jake took his fingers out of her pussy.

"I thought you would be in agreement with me." Jake laughed at her and gave her a wink.

He made sure that Ralph was ready before he moved away from the table.

Jake had a feeling that she wasn't going to walk on her own so he grabbed her upper thighs and held them tightly he brought her legs around his hips.

Ralph took her under the armpits and slowly they lifted her off the table and headed out of the room. She was thrashing around trying to get loose when she felt them grip her tighter.

"Your tits are so fucking beautiful." Ralph licked his lips wanting to put them back into his mouth.

"You are disgusting." She growled at him looking up into his face and then looking at Jake who was smirking at her.

"Oh no we aren't. I knew you were really horny when I saw you pleasing your pussy outside. Don't tell me you don't want it." Jake told her gruffly.

He started up the stairs first. Moving quickly so that he could start fucking her pussy the way he wanted to. Ralph was happy that Jake had brought him over. With the both of them there she had to do what they wanted.

Finally making it upstairs Jake didn't know where her bedroom was so he went in through the first doorway he came to. It wasn't her bedroom but it had a bed and four posts. That was all he needed really.

"Lets get her on the bed." Jake told Ralph as they threw her on the bed she tried to get up and run out the door.

Not making it past Ralph he threw her back down on the bed and covered her naked body with his own. His hard cock pushing against her pussy. He had a fat cock ones that she really loved deep inside her pussy.

"Please, I'm begging you. Please don't do this." She whispered to him.

Ralph didn't want to hear her pleading with them anymore. He brought his mouth down on hers roughly and forced his tongue into her mouth. Touching her tongue with his he quickly realized that she wasn't going to kiss him back. Pushing his tongue further into her mouth she started gagging on his tongue when he pushed it to the back of her mouth and she thought he was going to shove his tongue down her throat.

She tried moving from side to side to break the kiss. Moaning sounds being muffled by his mouth being pressed so hard against hers.

Jake looked around the room and didn't know what he could use. Going out of the room seeing that Ralph had her down and was having fun with her he had some time to look for something to tie her up with.

He went down the hall and passed a closet. Going back to it he found some thick rope to tie her up with. Seeing that he would have to cut it to adjust it to his needs. Finding a pair of thick scissors he cut up the lengths that he would need and quickly went back to the room they were in.

By this time Ralph had his mouth away from hers. But his body was still pressed against hers. Ralph was about to stick his cock into her.

"What's the matter with you?" Jake asked him seeing that Ralph was a little upset.

"The bitch bit my tongue." Ralph growled at him. It was something that he hadn't expected her to do.

"Please don't hurt me!" She hollered out seeing the ropes in Jake's hands not sure what he was going to do with them.

"Baby you don't know just how lucky you are. You are going to find out though. Your body will tell you just how lucky you are." Jake told her calmly.

He took one of her hands and quickly put it around her wrist, making a knot that when she tried pulling out of it it would tighten against her wrist. He made a loop and put it over the bed post. Quickly doing the same to her other hand and her ankles Ralph got off of her when he knew that she was tied down securely.

Both the men were standing at the foot of the bed and admiring her hot body. Her legs were spread wide open for them. Her tits bouncing around as she was struggling against the ropes that held her down.

"Go down into the kitchen and find out what she has for that hot pussy of hers. Something that might cool her down just a little." Jake moaned thinking about what they could to do to her.

"Be right back. Don't you go anywhere you sexy little thing. I'm going to have my way with you." Ralph pointed a finger at her and laughed as he left the room quickly.

"Jake come here baby. Come and fuck my pussy while he's gone. All I wanted was you." She whimpered to him.

Jake got on the bed and between her legs. Laying on top of her and pressing his hard cock against her pussy he felt her kissing his neck and nibbling down on it.

"I want you Jake. I want you to fuck me." Shelly whined at him whimpering for him as she moved her ass up and down on the bed so that he would fuck her pussy. Wanting to grind her pussy against him.

"You are one horny girl. I love how you cry for me." Jake laughed at her, pushing the head of his cock into her pussy. Teasing her pussy and not pushing any further. Just enough to get the head of his cock right inside her wet pussy hole.

"Jake please don't tease me like this. Please don't let Ralph have his way with me." Shelly tried convincing him quickly before Ralph came back into the room.

"We do things like this as a team. You just made it a lot easier for us this morning when you started taking off your bathing suit for me. The disappointment in your eyes when I told you I would be right back I could tell that you didn't believe I would." Jake moaned to her and brought his mouth down to her tits, suckling on one of them while she arched her back to help him get it into his mouth.

"I'm back." Ralph said in a playful tone of voice. He had a

bowl of ice and a few things that he had found in the kitchen.

The second Jake heard his voice he quickly took his mouth away from her tit and got off of her. As if he wasn't suppose to be on her at all.

"Come over here baby." Jake said as he stood at the foot of the bed again.

For a second Shelly thought he was talking to her because he kept his eyes on her while he said it. She was about to laugh at him when she suddenly realized that he was talking to her at all but to Ralph who quickly went over to him and eager to do whatever Jake wanted him to.

Jake made sure that she was watching them before he turned to Ralph and wrapped his arms around Ralph's neck and began kissing him hard on the mouth. Ralph moaned as he brought his hands to Jake's ass cheeks and brought him in closer so that their cocks were touching each other. Shelly was surprised to see them kissing and enjoying each other. Surprised as she watched Ralph press his cock harder against Jake's.

Shelly was even shocked at herself when she realized that her emotions of watching them had been of lust instead of disgust as she continued watching them.

"This could have been you Shelly. You could be cramming our cocks down your throat right now if you had been a good girl but you weren't." Ralph brought the kiss but kept grinding his cock against Jake's while he looked over at her.

"I....I didn't know that you guys were a.....couple." She whispered to him, biting down on her lip feeling a little embarrassed. She didn't know either one of them yet she had allowed Jake into her house because she was starving for company. Never thinking it would turn out this way.

"What do you have?" Jake asked him.

Ralph grabbed the bowl of ice that he had put on the floor beside him. He had gotten a long, thick, wooden spoon. Not one for cooking with but the type that was hung on the wall as decoration. He had thought about grabbing the fork but knew it wouldn't be as fun.

Jake took out a piece of ice cube and quickly went to Shelly's pussy. Holding a piece of ice to her hot clit. She squealed and tried thrashing around to get the piece of ice away from her.

"I'm going to cool you down baby. Earlier you were saying it was so hot out while you let those sexy tits out of that top of yours. I want to help you cool off." Jake moaned to her as he watched her move her ass up and down as her clit started growing numb because of the coldness.

"Jake!" She hollered out to him. Wanting him to lick her

pussy. Wanting him to do what he wanted as long as Ralph wasn't part of it. Seeing that they were into each other she hoped that Ralph would only do things to him now.

"That's right, cry my name out. Fuck you are making my cock so fucking hard." Jake grunted to her. Keeping his eyes on the piece of ice and watching it melt down to nothing but water in his fingers.

"Get me another piece of ice Ralph." Jake ordered him lightly.

Ralph quickly did as he was told and watched as he slipped the bigger piece of ice into her pussy. Jake pushed it into her pussy so far so that it wouldn't fall out. He quickly got on top of her and pushed his cock into her wet pussy. Moaning when he felt the cold piece of ice touching the tip of his cock. Glad that it hadn't melted away yet.

"Fuck my pussy, please fuck my pussy." Shelly whimpered loudly when she felt the piece of ice being pushed further into her pussy the more Jake pushed his thick cock into her.

"You are a nice little slut you know that? I bet it turns you on to have that piece of ice inside your pussy." Jake grunted to her, looking her in the eyes closely and giving her a wink as he bit down hard on the tit that was teasing his lips.

"Fuck that hurt!" She screamed out to him, glaring at him and then moaning when he pushed his cock harder into her pussy.

"You haven't seen anything yet. You just wait until he gets really into that pussy of yours." Ralph laughed at her, standing behind Jake and rubbing his ass cheeks with both his hands. He wanted her as much as he wanted Jake. He wished that he was the one who was tied down to the bed instead of her and being taken advantage of.

Shelly didn't answer him. She didn't even look over at him. Afraid that if she even looked at Ralph that he would get the wrong idea that she wanted anything to do with him. Giving him the cold shoulder she felt the ice melt completely away inside her pussy.

Jake felt it too and took his cock out of her. Getting off the bed and looking down at the wooden spoon that was on the floor.

"Why don't you stick that spoon into her pussy for me. If you choose you can try to shove that hard cock into her ass too." Jake moaned and kissed Ralph quickly on the mouth and slapped his ass before he moved away from him.

"What are you going to do?" Ralph asked him softly. Watching him walk towards the doorway, getting ready to leave the room.

"Don't you worry about me. I will be right back." Jake winked at him and then looked over at Shelly. He could see that she was silently praying for him to stay, her eyes pleading with him to

help her.

"Don't worry baby you are in good hands. Trust me when I say this." Jake laughed at her and left the room in search for something else to play with her pussy. He knew that he shouldn't have let Ralph pick out the toys that he wanted to use on her. There had to be something better in the house to shove into her pussy and ass. Something that he could shove into her mouth.

"Looks like its just you and me baby. We are going to have so much fun." Ralph winked at her but didn't smile. He remembered her biting him on the tongue. Remembered how much it had hurt him. He couldn't wait for her to cry out in pain.

Grabbing the spoon from the floor he showed it to her, seeing her eyes grow wide with fear. You don't want my fingers in your pussy. You don't even want me touching you...." Ralph reminded her.

"I will let you finger me. Finger my pussy!" She screamed at him. She could deal with his fingers being inside of her but not that spoon. Never had she had anything that big inside her pussy.

"Too late for that now baby. You are just lucky that I didn't bring my dog over. He would have liked licking you. Licking your body all over." Ralph chuckled, shaking his head back and forth.

"Anything would be better then this!" She screamed at him angrily. Surprised that the words had even come out of her mouth. She wouldn't have to worry about getting hurt by something as big as that spoon that was about to go into her pussy.

"You are a dirty little slut." Ralph laughed at her again. He couldn't wait to tell Jake what she had said later on.

Taking the spoon and using the rounded piece of the wooden spoon he slowly put it inside her pussy. She began screaming and hollering telling him to stop. The more she screamed though the harder his cock had gotten for her. He pushed it further and further into her pussy. When he thought it was in her pussy nice and tight he got on the bed and lifted her ass just a little, finding a way to get his cock inside of her while she was strapped down. He groaned as his hard cock slid into her ass. He felt the tightness of her ass and wanted to cum right then and there for her.

"Your ass must be a virgin. Am I fucking a virgin ass?" Ralph licked his lips and felt himself sweating as he looked at her.

She didn't answer him. Tears rolling down her face from the pain of the spoon inside her pussy. She looked away from him and winced as he pushed his cock further into her ass.

"Oh yeah I think it is a virgin ass. I am one lucky man right now. Do you know that we are both going to cum inside your pussy?"

Ralph raised his eyebrows at her and saw her look at him quickly.

"No you will not! I don't care if Jake does but I don't want your disgusting body on top of me and fucking my pussy!" She hollered at him. Letting him know that Jake was good enough and he wasn't.

"You do what Jake says. We both do what Jake says. You have no room to try and stop us. Look at you. Your legs are spread so far apart that your pussy is teasing us. Your tits, you can't even cover those anymore. Right now what your body is telling me is that you are easy. Your pussy wants to be filled with all sorts of things." He grunted as he thrust his cock further into her ass. Not caring if he was hurting her or not.

Ralph closed his eyes and would have cum inside her ass but Jake wasn't there to tell him that he could. He knew Jake would be mad if he had cum for her already and he wasn't there to see it. He never knew when Jake was going to be in a good mood or a bad mood. It was best to wait for him to come back into the room.

Jake entered the room as if he could hear Ralph's thoughts. His hands carrying a small bag behind his back. Not showing either one of them as he made his way over to her at the side of the bed. Looking at her beautiful tits and seeing that she had been crying.

"Your pussy hurts doesn't it?" He asked her softly. Without talking to him she nodded her head slowly at him and looked down at her pussy seeing that the spoon was deep inside of her.

"Push it in more." Jake told Ralph not smiling at him.

"No! Please don't!" She wailed. Praying that Jake would change his mind. Not understanding why he wanted to cause pain to her pussy.

"Oh alright. Ralph take it out of her pussy. Take your cock out of her ass." Jake sighed heavily willing to do her that favor.

"Thank you, god thank you." Shelly thought she had some kind of control after all or at least had Jake's sympathy for a few minutes.

"I wouldn't be thanking god just yet sweetie. You have no idea what I have in store for you." Jake laughed at her.

Shelly laid her head down against the pillows on the bed and silently prayed that it wasn't as bad as the wooden spoon that had been inside her pussy. Praying she would never feel that kind of pain again.

Jake kissed her on the mouth and then ran his tongue down her neck and between her tits. Hearing her moan for him. He loved having her moan with pleasure for him. It made him feel good about what he had done to her.

"See, I told you that you were going to like it honey. All you

have to do is be open to fresh ideas." Jake spoke softly to her.

Ralph threw the spoon on the floor. A little disappointed that there wasn't any blood on it. He wanted to cause her so much pain that she begged for his cock.

While Jake was talking to Shelly Ralph could see that she was hanging on every word. It gave him the opportunity to do what he wanted since she wasn't paying any attention to him. He loved hearing her scream out in pain, happy that he could cause the fear in her voice and eyes.

Ralph closed his hand into a fist and slammed it into her pussy. She yelped out in pain and closed her eyes. She felt him push his fist into her pussy more and more. Cursing him as he did so.

"All you have to do is relax. Come on, take your mind off of it. Go somewhere other then here if you have to. I think that you are so fucking hot right now with his fist deep inside that pussy. I love hearing you cry out like that." Jake talked to her calmly. He wasn't going to yell at Ralph in front of her but he was a little upset that Ralph hadn't asked if he could do it to her first. He was just as shocked as Shelly was over it.

"Can you do something for me?" She asked him through her tears and pain.

"I will do something for you if I can. If you are going to ask me to unstrap you then you must already know that answer." Jake whispered to her.

"Get on top of me and shove your cock between my tits. Press my tits together and titty fuck me." She begged him, not caring about getting free just yet. In the back of her mind she knew that her pussy liked the attention that Ralph was giving to her. She knew that her pussy was getting extremely wet for him even though she had promised she wouldn't get turned on. Her pussy was betraying her in the worst way.

"I would love to." Jake kissed her cheek and got on top of her as he saw that Ralph was wrist deep inside her pussy.

Jake was surprised at how well she was taking the pain. Thinking that since she could take Ralph's fist up inside her pussy what else she could take up there. The possibilities were endless.

Forgetting the bag for a moment he left it on the floor and pressed her tits together hard. As quickly as he could he shoved his cock between her tits and pushed it into her waiting mouth. She didn't close her mouth so he kept moving his cock back and forth until he felt his tip getting wet with pre-cum grabbing a hold of his cock he smeared it on her lips. She tasted it and cringed.

"What's the matter baby you don't like cum in your mouth either?" Jake moaned to her as he slammed his cock in and out of her mouth. Shoving it at the back of her throat and then sliding it out and between her tits again.

"No." She told him honestly. Knowing that it was going to be held against her later on she should have said she loved it but he would know that she was lying to him.

Feeling Ralph's fist inside her pussy and moving around she felt his wet tongue tease her clit. Ralph was running his tongue up and down the length of her clit though she didn't want to she whimpered for him.

"You like what Ralph is doing to you?" Jake asked him, a little surprised that she wasn't bitching about Ralph even touching her.

"Just because my pussy likes it doesn't mean that I do." She whimpered again and wanted to rub her clit in his face.

"I bet you would love to grind that pussy against his mouth. I can tell just by looking at your face right now." Jake told her in a teasing voice.

"No." Shelly shook her head back and forth firmly at him.

"You are lying to me Shelly. I thought we were going to have a friendship based on honesty?" Jake told her pretending to be hurt.

"I don't want it." She told him stronger this time.

"Don't worry we won't have him lick your pussy. At least not yet, when he does lick your pussy I'm going to shove my cock into his ass. I love Ralph's ass. Sometimes he's not much to look at but the sex is rather good." Jake winked at her, getting off of her. The play time for her was over. It was time to go onto something new.

"What are you going to do to me now?" She asked him. She wanted him on top of her. Even though he was telling Ralph to hurt her pussy she wanted him.

"I don't know yet. Thinking of ways to please that hot pussy of yours." He grinned at her and picked the bag up off the floor, placing it on the bed and unzipping it.

"What do you have in there?" She was curious but she knew that she shouldn't have been.

"You will find out shortly." Jake laughed at her. He looked at her and saw that she was curious and that she was more then willing to play with him. Maybe not Ralph but with him.

"Take your fist out of her pussy and the next time you decide to do something like that I would like to know. You know that you need to ask me if you can do something like that." Jake shook his head disappointed in Ralph.

"Sorry baby, I couldn't help myself. I looked at her pussy hole and saw how wet she was and just had to. I had no control over it." Ralph told him quickly. "Just don't let it happen again." Jake didn't want to have an argument with him right there in front of her knowing that it would be showing a sign of weakness and if she found out how to use their weakness she would be more on top of things then they were and she was the one who was strapped down.

Ralph walked over to him and saw Shelly's eyes growing wide as she saw what he had taken out of the bag himself.

Jake had gone around the house and picked out the things that he thought would really please her pussy. He took out a wooden bat that he had found in the corner of the basement. He found a rubber dildo in her closet in her bedroom. Only taking those two things out for now he smiled at her and saw that she didn't know what to say about it.

"I know what you are going to do. I'm begging you to please stop hurting me. I will do whatever you want. Just stop hurting me." She whispered to him, feeling her eyes fill with tears again when she saw the things that he had taken out.

"You are doing exactly what we want you to do. We gave you the chance downstairs and you didn't want to play with us. Now the way you are wide open for us you are doing exactly what we want." Jake shrugged his shoulders at her. Not feeling bad for her, she had put herself in this situation when she had told him that she didn't want to have a threesome.

Ralph lifted her ass without Jake saying anything to him. Jake smiled at him. Sometimes Ralph could understand what he wanted before he even had to tell him.

"The baseball bat up her ass or the dildo?" Jake asked him. Letting him pick out what he wanted to hurt her with.

"Her ass is really tight. When I pushed my cock inside of her I could tell that she was a virgin. If I were you and that's being nice I would pick the dildo. Even though she spit in my face I wouldn't want a baseball bat up my ass that's for sure." Ralph told him softly as if they were having a discussion about the weather.

Shelly wondered what they were going to put in her mouth. She had assumed that they were going to put the dildo into her mouth and the baseball bat into her pussy. She was right about the baseball bat. Both of them were really thick and solid. She wasn't going to enjoy either one of them being in her holes.

"If you let me go now guys I won't say anything to anyone." She promised the both of them. Letting them know they could get into trouble if she were to tell someone.

"We aren't worried about you telling anyone actually. I promise by the time we are done with you you are going to be screaming for the both of us. You are going to want to cum for Ralph and I." Jake grinned and gave her a wink. He was completely confident in what they were doing to her.

Finding her asshole with the head of the dildo he nodded his head at Ralph and Ralph slowly pushed her down on the bed by her hips. The more he pushed her down the further the dildo went into her ass.

"Please stop! Please Jake!" She cried out to him. The more she was pushed down onto the dildo the more it hurt. She only played with the dildo with her pussy. She loved how deep it could go up inside of her. Most of the time that was how she came at night time because of the thickness and how long it was now it was her enemy.

"Does that hurt honey?" Jake asked her, covering his mouth. As if he didn't know how it felt inside her ass.

"Yes Jake, yes it hurts too much." She whined at him. Hoping that he was going to tell Ralph to stop.

"Push her all the way down on it. It won't hurt as much once its all the way inside her ass." Jake ordered Ralph in a cold manner.

"No!" She tried fighting him but it was no use. In the end the guys got what they wanted. To fill her ass hole with the rubber dildo.

"This is just the start honey. Just the start. Now its time for that baseball bat to go into your pussy." Jake reminded her and kissed her on the mouth hard. Pushing his tongue into her mouth. She began kissing him back she didn't dare to lay there like a lump on a log when he kissed her. She didn't dare to bite down on his tongue the way she had done to Ralph.

Ralph watched the two of them making out. Heard her whimpering with pleasure and shook his head. He was getting angry that she was enjoying what Jake was doing to her. Angry that she was hungry for his kisses and willing to let him do anything to her as long as he promised her that he would please her in return.

Ralph was so upset that he wasn't even thinking. He pushed the start of the baseball bat into her pussy before Jake had told him to. Watching as Jake covered her tits with his hands and began squeezing them hard. Hearing her cry out for him he pushed the baseball bat into her pussy until he could only see the roundness of the handle at the bottom. He wanted to fuck her hard with it but knew he would be going overboard.

"Fuck, god that feels so damn good inside my pussy. Fuck my pussy Ralph. Please fuck my pussy with that baseball bat!" She hollered when Jake took his mouth away from hers. She was begging for it to go in and out of her pussy.

"Come on baby, this is something that you've been wanting to hear. She wants you to fuck her with that bat." Jake told him quickly, getting off the bed and going behind Ralph he pressed his hard cock against his ass and felt the tip of it go into Ralph's ass.

Ralph groaned at him. The anger disappearing with one push of his cock. Ralph took the round piece of the handle and began fucking her pussy with it. Slamming it in and out of her wet pussy the more she cried for it.

"Your pussy likes long and hard things don't it you little bitch? You love that baseball bat going deep inside of you." Ralph grunted to her and whimpered for Jake when he pushed his hard cock into his ass all the way.

He felt Jake reach around him as he kept slamming the baseball bat into her pussy. He felt Jake grab his hard cock and begin to stroke it for him.

"Your cock is nice and hard baby. Nice and hard. I would love for that cum of yours to shoot out into my hand. I want Shelly to see your cum." Jake grunted to him, biting down on his lip.

"I fucking love it baby. Please don't stop fucking my ass." Ralph's voice came out as a squeak more then as a deep voice.

"Fuck this pussy bitch!" Shelly hollered at him, not liking that they weren't paying attention to her anymore now that she wasn't in pain. Forgetting about the pain in her ass she was concentrating on what felt good inside her pussy.

"You are liking this way too much." Ralph laughed at her shaking his head. The girls they had played with before hated having things shoved into their pussies. They would holler and scream at both him and Jake until it was over and they were happy to get them to cum. Thanking them for getting their pussies to gush like never before.

Jake let go of Ralph's cock and took his own cock out of Ralph's ass. Not wanting to cum right off because he had other plans for the both of them.

"Hey." Ralph pouted at him letting him know that he wasn't ready for Jake to take his hand away from his cock. He was really enjoying the attention his cock was getting from him.

"Calm down. You will thank me that I didn't make you cum." Jake shook his head at Ralph. He didn't like it when Ralph acted like a woman.

Jake sauntered over to Shelly. His cock leading the way as he sat down on the edge of the bed and began talking to her.

"In a few minutes you are really going to hate me. There's something I'm going to do that you are really going to get mad about." Jake warned her. Not seeing any reason to keep it from her.

"Then why do it?" She glared at him and whimpered when she felt the baseball bat go back into her wet pussy. A few more times of Ralph fucking her pussy like that and she knew that she was going to soak it with her pussy juices.

"Its something that the both of us want to do to you. Its about pleasuring us remember? Or did you forget the second you started feeling pleasure at your pussy? This isn't about you honey, its about the two of us getting off." Jake slapped the tit closest to him. Making her cry out in surprise and pain. He slapped it harder a few seconds later before he got off the bed and went back to Ralph.

"Slam that bat back into her pussy and keep it that way. You go over to one side of the bed and I will the other." Jake whispered into his ear so that Shelly wouldn't know what he was planning to do.

Ralph grinned at him and nodded his head. Without saying a word he slammed the bat hard into her pussy again. So hard that she cried out in pain this time instead of pleasure. Reminding her what Jake had just told her a few seconds before. They were going to abuse her pussy, ass and mouth until she came for them. That was a reward for them seeing how much they could make her pussy gush. Knowing that if it was a lot then they had done a good job molesting her body.

Ralph left the baseball bat inside her pussy and walked towards her like Jake had wanted. Jake walked over to the other side of her and slapped her tit again with the tips of his fingers this time. Knowing it hurt more doing it that way. Ralph followed suit and began slapping at her tit fast and hard until he saw that her hard nipple was red and sore.

"I wish that you guys knew just how much this hurt!" She glared at Ralph and then over at Jake. There were some things she loved Jake doing to her but this wasn't one of them.

"That's too bad for you huh baby? These tits are ours." Ralph told her, grabbing her hard nipple between his thumb and his index finger and began twisting it hearing her scream and then twisting it more because he was getting really turned on hearing her cry out in pain.

"Alright, that's enough. From what I hear from Ms. Shelly she doesn't like the taste of cum." Jake pointed out to him.

"Oh you have got to be kidding me." Ralph looked over at him and smiled. It was music to his ears that she didn't like cum.

"No, no. That's what she told me and well I want to make sure that she starts to enjoy it especially if she is going to have a really good time with us next time." Jake told him, rubbing his hands together.

"Well you know what that means don't you?" Ralph looked down at Shelly and then gave Jake a wink.

"Oh boy do I know what that means. Come on baby lets teach her to start liking cum." Jake told him. He was as happy as if he had won the lottery. He couldn't wait to shove his cock into her mouth.

They both got on the bed beside her, at the same time they brought their cocks to her mouth. She had closed her mouth tightly when she saw them getting on the bed.

"Oh dear, we have a problem." Jake shook his head sadly. Without saying a word Ralph took one of her hard nipples between his fingers again. Seeing that Jake was on the same page as he was and was already twisting her hard nipple. They were going to make her scream. No matter how much pain they had to apply to her she was going to open that sexy mouth of hers.

"Fuck!" She cried out, her mouth opening wide for them. They continued twisting her nipples until her mouth was filled with their cocks.

"There, there now." Jake hushed her softly.

Her mouth was stretching having both of their cocks in her mouth. It hurt but there wasn't much she could do about it. The only thing that she could pray for was for them to cum quickly and they would untie her.

"Your mouth is so fucking tight sweetheart. Just the way we like it." Ralph grunted and brought a hand down to her pussy. Feeling around for the end of the bat he pulled it out of her quickly.

"What are you doing?" Jake glared at him.

"Since she has our cocks in her mouth I thought that maybe just maybe you would like to enjoy finger fucking her with me." Ralph told him softly. Wondering if this was one of the times that he should have asked Jake for permission.

"Do you want us to finger fuck that hot pussy of yours together?" Jake asked her softly.

Both of them moaned when she nodded her head at them. She nodded her head quickly wanting to feel her pussy cum for them. She was getting turned on thinking about both their fingers fucking her.

"Good girl." Jake nodded his head and they both put a finger into her pussy. At the same time they began finger fucking her. They heard her muffled whimpers of enjoyment and Jake wanted to cum for her. He wanted to cum in her mouth and make her taste what she had done to him.

"Daddy's going to cum in this hot mouth of yours." Jake grunted to her, closing his eyes and finger fucking her harder.

Both their thick fingers were getting wet from her pussy. Making it harder to take their fingers out when they rammed them up so far into her pussy. Her pussy was sucking on them as if to beg them not to go.

"Her pussy is nice and wet baby. I wish we could cum in her mouth." Ralph whined at him as he felt his cock flexing in her mouth.

"No, we don't fuck them and cum in them. You know that. We only tease their pussies with our hard cocks. When its time to cum we either cum for each other or like this." Jake glared at him, he didn't want the rules changing because Shelly was one of the really hot girls they had played with. The girls they had fun with were always pretty but never hot like she was.

"Okay, okay. It was just a suggestion." Ralph put a hand up while he pushed his thick finger into her pussy.

"Ralph are you getting ready to cum?" Jake asked him in a raspy voice.

"Almost. I will let you cum first if you need to. You know how good your hot cum feels on my cock when you rub against me. I will cum right after you like always." Ralph promised him.

They both watched her eyes grow wide and watched as she shook her head back and forth at them. If they were going to cum at the same time or close to it she was afraid that she was going to drown from their overload of cum in her mouth.

"A little advice sweet thing you need to swallow the cum as soon as you taste it. I don't want you choking on it." Jake told her, seeing what she was afraid of without her having to say anything to them.

"That's right. Good advice." Ralph laughed. Jake pushed his cock further into her mouth and felt Ralph's cock doing the same thing as they were pressed tight side by side. Jake began grunting and whimpering closing his eyes again and feeling his

cock wanting to cum.

"Come on big daddy. Cum in her mouth. Let her swallow down that hot cum of yours." Ralph encouraged him softly.

Ralph watched Jake as he bit down on his lip. He had taken his finger out of her pussy a few minutes before while Ralph pushed three fingers into her pussy and began fingering her as fast as he could. He couldn't wait to taste that sweet pussy juice from his fingers.

"Think about her wet pussy baby. Think about her pussy juice that you are going to see when she comes gushing out for you. All for you honey." Ralph moaned to him softly.

"I'm fucking cumming! Oh god! I'm fucking cumming!" Jake screamed out loud. Throwing his head back and feeling his cock release inside her mouth.

The second Ralph felt Jake's cum touch the head of his own cock before Shelly swallowed it down he began whimpering and begging like a girl.

"Cum for me Ralph. Fucking cum for me honey. Look into her eyes. She even wants you to cum. You're an excellent cum swallower baby. You are pleasing daddy by sucking it down so fast for me." Jake whimpered to her, feeling his cock still shooting cum out.

"I know you want my cum you fucking little slut. I know you want me to cum so fucking bad. I bet from the earlier conversation you wished that we had brought the dog now. Fuck baby, oh yea, fuck my cock." He grunted and moaned not caring what came out of his mouth.

Jake wondered what he was talking about but figured that Ralph would tell him later as he felt Ralph's cum hit the side of his cock.

"That's good baby. That's right give it to her! She deserves you cumming in her mouth hard. Think back about her biting down on your tongue. Give it to her Ralph!" Jake screamed at him.

Hearing the both of them talking Shelly moaned and whimpered herself. Her pussy getting extremely wet not sure if she was suppose to cum for them as well or hold it in. Shelly held it in hoping and praying that they were almost done cumming in her mouth. Though she drank it down like they wanted her to she didn't know how much more she could take before she threw their cum up all over their cocks. The last thing she wanted was to make them mad. She didn't want that knowing that if they were mad they wouldn't care how much pain they inflicted on her.

Jake took his cock out of her mouth first. Wiping the sweat from his forehead. Everything that they were doing to her he was working up a sweat not to mention the room was as hot as an oven.

He watched as Ralph had room to slam his cock to the back of her mouth. He heard her gag loudly on it.

"There must be a lot of cum in your throat now baby. Tell me, when you gagged did it feel like all that cum was going to shoot out of your mouth?" Jake laughed at her, waiting for some kind of answer.

Shelly nodded her head at him. Looking at him with sad eyes but she wasn't crying. She didn't dare cry anymore. There wasn't anything else that they could to do her that they hadn't already.

"Its alright baby just remember its almost over now. You made us cum and now we are going to make that hot pussy of yours cum. The way your pussy feels its not going to take that long to make your pussy cum." Jake pointed out to her. Showing her the upside of things.

Ralph took his cock out of her mouth and got off the bed. Shelly looked at his cock and saw that it hadn't gone down the way Jake's had.

"What the hell is the matter with him?" Shelly asked, looking over at Jake and then back at Ralph's cock.

"He's one of the lucky guys. As soon as his cock cums and he

thinks he's done it gets really hard again. Sometimes he can cum three or four times during our sex session." Jake laughed at her, seeing a worried look come across her face.

"Not to worry honey. I want his cock inside my ass. I want him to cum for me while I make you cum. Wouldn't you love me licking your pussy? Wouldn't you like to cum inside my mouth?" Jake knew those words were like music to her ears.

"That's what I've wanted all along. Just your tongue and you. Thank you." Shelly answered him softly wondering if there would ever be a time where she could just have Jake to herself. Thinking that if she could then she would convince him to cum inside her pussy. Filling her pussy with his cum. Just thinking about made her moan for him.

"In just a few seconds baby. Don't get too anxious about it." Jake thought she was begging him to lick her pussy. He had no idea that she had her own plans to find away to fuck him just one on one. Not caring if Ralph liked it or not.

"Get over here in front of me so I can please that hot ass of yours Jake." Ralph whined at him. Knowing that if he barked his orders that Jake wasn't going to give him his ass. He had learned that the hard way the first time that they had sex together. He had found out right away that he was Jake's bitch and he did what Jake wanted when Jake wanted it done.

"Boy aren't we antsy to get going." Jake winked at him and rushed over to him.

Jake got down on his knees and sucked Ralph's cock into his mouth that Ralph was afraid Jake was going to swallow him whole.

"Fuck I love when you do things like this Jake. Surprising me and making me feel wanted. Suck that cock baby suck it please." Ralph whimpered.

Shelly was glad that Ralph wasn't going to be touching her anymore that day but she was getting quite jealous that Jake would suck Ralph's cock in front over her. She didn't care if they were lovers or not. She wanted Jake's tongue inside her pussy. She needed him more then ever and figured she was entitled to it because they had made her swallow their cum.

"Alright knock it the fuck off and please my pussy!" She screamed at Jake.

Jake was shocked and took Ralph's cock out of his mouth. Ralph gasped wondering what Jake was going to do about it. He expected Jake to get mad at her and go over and smack the hell out of her.

"A woman who knows what she wants. Well Ralph.....how badly do you want to fuck my ass right now?" Jake asked him honestly bringing his attention back to Ralph seeing that it was up to him.

"I want your ass bad. I want to cum for you and please that ass of yours." Ralph bit down on his lip wondering if he had given the right answer.

"Alright, you win Shelly. You get what you want as well as Ralph." Jake nodded his head at her and then at Ralph as he approached the end of the bed. When he looked down at her pussy he noticed that it might just take a few minutes for her pussy to gush into his mouth. Thinking about the sweetness and wanting to drink it down he groaned as he brought his mouth to her pussy and his ass in the air for Ralph.

"Fuck my ass." Jake ordered him before he began shoving his tongue in and out of her pussy. Ralph knew just how Jake liked his ass fucked. There was no teasing, no beating around the bush at all. That pissed Jake off. When Jake ordered him to do something he meant that he wanted it all at one time.

Ralph spread Jake's ass cheeks and brought his cock to his asshole. He pushed the head of his cock deep inside Jake and grabbed at his hips and began fucking him hard and fast. He was grunting like a wild animal as he slammed his cock in and out of Jake's ass. He wanted to cum for him, wanted to please Jake the best he could.

"You like my hard cock in your ass honey? You want me to fuck you harder?" Ralph grunted to him in a deep voice.

Jake answered him by wiggling his ass around for him and Ralph moaned to him, slapping the side of his ass hard.

Ralph was fucking Jake's ass so hard it was driving his face into Shelly's pussy harder. Pushing his tongue further into her pussy.

"That's right Jake fuck my pussy with your tongue. Drive it in there more!" Shelly hollered and screamed at him. If she could spread her legs wider for him she would have. The ropes keeping her from doing so.

"If I could I would grind my pussy so hard into your mouth that you would choke on my pussy juices Jake. Make my pussy cum baby, please make it cum!" She screamed her dirty thoughts to him.

"Fuck baby you are going to make me cum in his ass talking like that. Where was that mouth earlier?" Ralph moaned to her, hearing someone tell Jake what to do was different and it made him want to cum each time she talked to him.

"You hear that? Poor Ralph wants to cum in your ass. He wants to fill your ass up. Lick my fucking pussy like you mean it!" She ordered him this time. Lashing out at him and letting him know just how good her pussy was feeling. Just how close it was to cumming for him.

"I'm going to cum for you. I'm going to cum right now in

your ass Jake!" Ralph warned him before he did so.

Jake felt Ralph slam his cock into him so hard that he almost lost his balance moving forward some more into her pussy. He felt his ass filling up with cum. Loved how warm Ralph was for him and how much Ralph enjoyed cumming in his ass. He knew he was one lucky man when he felt the cum hit the inside of his ass.

"Jake baby, keep licking my hot pussy. I'm going to cum! My pussy isn't going to hold back much longer!" Shelly hollered at him.

Both of them crying and whining for him made him feel special. One was cumming in his ass while the other was cumming in his mouth. He quickly took his tongue out the second he felt her pussy juice hit the tip of it. He placed his mouth at her pussy hole and began sucking hard and fast, opening his eyes and looking up at her he could see that she was already staring down at him. She winked at him as her pussy came and he drank it down.

"Good boy Jake. Fucking good boy! Suck all my pussy juice out. You love that pussy juice. I can see it in your fucking eyes. You fucking love it!" She hollered at him and smiled. Showing him that he was right at the end of the session she was going to cry for him, beg for him to make her cum. All the pain that she had to endure during their sex session was well worth watching him down at her pussy hole and sucking every last drop of juice out of her.

Ralph finished before she did and quickly went up to her tits and looked down at them. Then looked into her eyes. Not saying a word he raised his eyebrows at her.

"Ralph just fucking suck my tits already. If that's what you are asking just fucking do it." She told him in a rush.

Not knowing how much time he had left before she was done cumming he pushed her tits together and opened his mouth wide sucking them both into his mouth. Licking and lapping at them as he felt her hard nipples hit the back of his mouth.

"That's a good boy Ralph. That's a good doggie. Lick and lap at my tits. Bite on them." She begged him in a whining voice.

Ralph bit down on her tit just as hard as he could while Jake was sucking harder at her pussy and getting every last drop he could out of her. He wanted to remember this for a long time. Wanted to know if she wanted to fuck him just as much as he wanted to fuck her. The next time he wouldn't come over with Ralph he would just fuck her on the table and cum deep inside her pussy. Thinking about this he whimpered himself as he finished drinking her pussy juice.

When Jake got up from the pussy he looked at Ralph and felt kind of jealous. Sure he was the one who got the pussy juice and he loved every last taste of it but he wasn't liking the fact that Ralph was pleasing her tits when he wanted her all to himself.

"Ralph." Jake said to him softly.

Ralph kept suckling and licking her tits as if he didn't' hear Jake the first time. Wanting to get her tits until she told him to stop. She didn't allow him to suck her tits willingly through the fun and games they had played it had been music to his ears that she had told him to lick her tits.

"Ralph!" Jake hollered at him this time. Getting really angry with him.

"What?" Ralph asked him softly when he finally brought his mouth up. Pretending that he hadn't heard Jake the first time.

"I want you to go downstairs and get your shorts back on baby. I will be down in a minute when I get her untied." Jake told him with a soft smile on his face.

Ralph looked at Shelly with a sad look on his face and then looked at Jake. All he wanted was a few more minutes of her time before he left.

Sighing heavily Ralph nodded his head and headed out the door. They both heard him going down the stairs. Once Jake knew the cost was clear he felt his cock was hard enough to put into her pussy while it was still wet. Getting on top of her he pushed his cock deep inside of her and began licking at her tits himself. Slamming his cock inside of her.

"Fuck Jake, what a wonderful surprise baby. That's it fuck my pussy, I want you to fuck my pussy until you cum sweetie." She whimpered in his ear.

"I was thinking that maybe I could come over tomorrow and cum inside of you. We could make it a day of pleasure just the two of us. I want to fuck you so much that its killing me." Jake confessed to her quickly knowing he didn't have the time to cum inside of her. Soon Ralph was going to come up and see what was taking so long.

"As long as you promise not to bring him and these ropes aren't part of the game. I want to please you Jake, I want to ride your hard cock until you cum inside of me." She whined at him, feeling her heart racing she smiled at him.

Jake got off of her and began untying her and smiled. When he freed her hands she rubbed her wrists together and feeling her feet go free she thought about the next day and what she was going to do to him when he arrived.

"I won't bring him and forget about the ropes. Pretend that it never happened. I will see you tomorrow morning bright and early." He winked at her and headed down the stairs to get dressed himself and go home for a good nights rest before fucking her pussy all day tomorrow.

When she heard the door downstairs slam shut she spread

herself out on the bed and closed her eyes. Wishing that Jake was on top of her right now and slamming his cock into her pussy again. Moaning she opened her eyes and pouted, seeing that he wasn't there. She couldn't wish him there but as she got off the bed to head for the shower she couldn't stop thinking about the next day. She knew that she wouldn't sleep a wink that night. She was too excited to see Jake again. Jake and Jake alone.

The End.
